

Dear Friends at MFM and Ankizy Gasy

Greetings from the teachers at FJKM school! Last week we received your contribution towards the 10 teachers May wages so we would like to extend our huge thanks to you all.

Life is not easy at the moment because most of the parents cannot afford paying their children's school fees, we understand them and cannot force them because their priority is the food for their kids.

We all don't know how long this problem will last, we have been keeping praying that solution will be found soon.

But the teachers have been so good and understood the children, they have tried hard to help them. And recently we started to distribute homework for the rest of the kids who couldn't come to school, this homework project was funded by our friends in Wales.

Thank you so much again MFM and Ankizy Gasy for your support.

Best wishes and May God bless you all.

Valisoa
